* “Fair Market Value” is defined as the amount at which property would change hands between a willing buyer and seller, neither being under any compulsion to sell and both having reasonable knowledge of the relevant facts. Section 59-2-102 [13] U.C.A. The appellant has the burden of proof to show the county’s “Full Market Value” listed on the Notice of Property Valuation and Tax Changes significantly exceeds or falls short of “Fair Market Value” 59-2-109 UCA.

APPEAL CODES & REASONS FOR ALL PROPERTY TYPES*These codes can be used for all property types*

APPEAL CODE	APPEAL REASON AND DESCRIPTION
ALL-MARKET	COMPARISON TO RECENTLY SOLD PROPERTIES - A property that has been valued at least 5% higher than recently sold properties of similar size, style, and construction within a reasonable geographical radius (such as the same city). Provide printouts of <i>recently sold properties</i> in a full listing format that shows all details such as age, land area, location, quality, size, style, etc. A Real Estate Agent generated comparative market analysis (CMA) report is preferable. Sales completed prior January 1 will be considered the strongest evidence.
ALL-PURCHASE	QUALIFYING RECENT PURCHASE - A property that was purchased a maximum of one year prior to or up to 6 months after January 1. A copy of the closing statement, settlement statement or HUD-1 disbursement form from the closing documents is required. An appraisal, if completed for the sale, should be submitted with the appeal. A full copy of the appraisal must be submitted if included. Distressed sales (short sale or bank-owned) may not be reflective of fair market value.
ALL-APPRAISAL	RECENT APPRAISAL - A professional fee appraisal with an effective date no later than January 1 of the current year. Appraisals with an effective date of no later than June 30 of the current year may also be used, but only if the appraisal was completed in support of a recent sale and change of ownership. Older appraisals with effective dates no later than two prior to January 1 may also be used. Appraisals outside the above date ranges may not be used.
ALL-INEQUITY	UNEQUAL OR UNFAIR ASSESSMENT BY COMPARISON - A property that has been valued by more than 5% higher than properties of similar size, style, and construction in the immediate area. Provide valuations, tax notices, or other county records of similar properties within a 1-to-10-mile radius of the subject property that supports the requested value. All properties submitted as supporting evidence must closely match the subject property in size, configuration, and age. Minimum of three (3) is required but up to five (5) is preferred.
ALL-FACTUAL	RECORD OR PHYSICAL DESCRIPTION ERROR - For properties that have an error on the county records related to a factual characteristic of the property such as physical size (sq footage, acreage), building details (# of rooms, floors, finished sq footage, etc), age, or land classification. Please provide full description of error with supporting evidence.
ALL-QUALIFIED	QUALIFIED REAL PROPERTY - A "qualified real property" is defined by U.C.A. 59-2-1004(f) as a property subject to appeal in the current year and 1) was appealed in the prior year; 2) had its value lowered; 3) was NOT improved (e.g. renovations, additions) since the prior appeal; and 4) the assessed value for the current taxable year is higher than the inflation adjusted value. If all conditions are met, the burden of proof shifts to the County Assessor and the appeal may be filed without attaching additional evidence.
ALL-DESTROYED	PROPERTY DESTROYED - For any property rendered uninhabitable/unusable prior to January 1 due to a natural disaster, fire, flood, or other means. Statements from insurance companies, local governments or other qualified sources are required to verify destroyed status.

APPEAL CODES & REASONS FOR COMMERCIAL PROPERTIES ONLY*These codes can ONLY be used for commercial properties*

APPEAL CODE	APPEAL REASON AND DESCRIPTION
CO-COST	CONSTRUCTION COST - A construction cost appeal can be made only for recently constructed commercial or agricultural properties only. It cannot be used for any properties used as residential units (homes, townhomes, condos, etc). A summary of construction costs, an appropriate appraisal of land value, and any other cost-related evidence should be submitted.
CO-INCOME	INCOME PRODUCING - An income producing appeal is for commercial property, industrial property, or apartments, including 2-to-4-unit buildings only. It cannot be used for rented condos, rented single family residences or basement apartments. Evidence required includes; rent rolls for the prior year ending December 31; evidence of an appropriate vacancy rate; the prior year's income and expense statement for the property; and/or evidence of the appropriate rate of return (capitalization) to be applied to the net operating income for the property. If the property is owner occupied, you may submit equivalent data for comparable commercial or industrial properties with evidence to justify similarities or differences.
